International Workshop MASIL

Date: 28. - 29. March 2019
Room: 04 01 305

Rhine-Waal University of Applied Sciences (HSRW)
Friedrich-Heinrich-Allee 25
47475 Kamp-Lintfort, Germany

Travel Information:

The closest international airport is Düsseldorf (distance around 40 km). If desired, we can pick you up by car from the airport and bring you directly to your hotel (which takes around 40 minutes). If you want to take a taxi it costs 33,-€ from Düsseldorf Airport to Kamp-Lintfort – single way (you can find a contact address and a cost list here: <http://city-car-kali.com/Tarife> - only German version available – please scroll down look to row 6 in the table on the website).

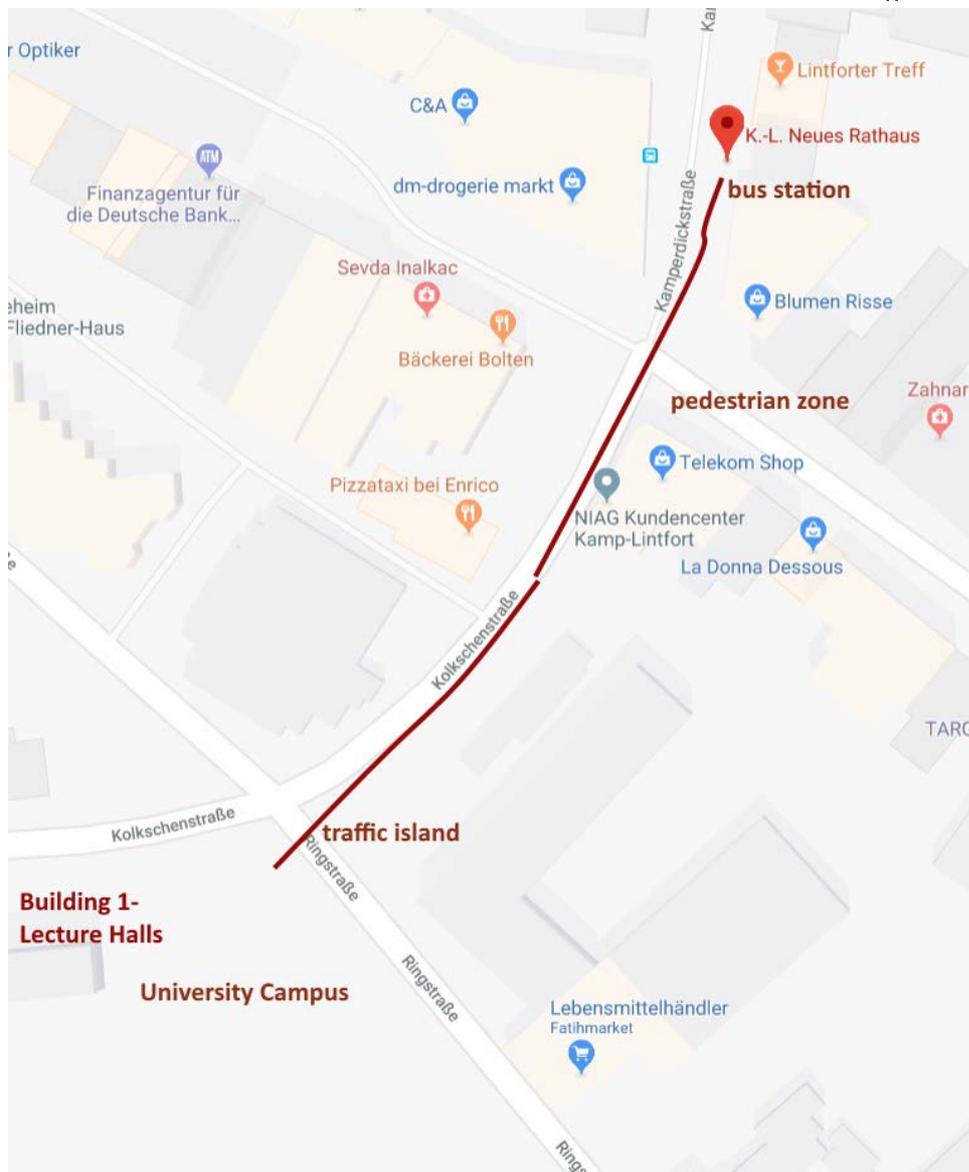

The public transportation is not very convenient because there are no direct links from Düsseldorf Airport to Kamp-Lintfort. From the airport you can take the train to Duisburg central station (15 minutes). From there you either have to take the bus (see section below – with public transportation) to the University (around 50 minutes) or the regional express to Rheinberg (around 27 minutes) and finally the bus from Rheinberg to the University (take bus line No. 1 for approximately 14 minutes).

Frankfurt Airport is at a distance of 270 km from our university. From there you can take a train to Duisburg central station (around 90 Minutes). And then you can take the bus or train to the University (as explained above).

With public transportation – bus from Duisburg central station to Kamp-Lintfort:

The easiest way to reach the Rhein-Waal University of Applied Sciences in Kamp-Lintfort from Duisburg central station is by bus SB 30 and SB 10. It will take around 50 minutes. Take these lines to the stop "Kamp-Lintfort Neues Rathaus".

If you are coming on the SB 30/SB 10 line, after leaving the bus continue in the direction of travel so that the road is on your left. Follow the road "Kampendickstraße" (see map below). You must first cross a pedestrian zone. Follow the road ("Kolkschenstrasse") until you find yourself on a road with heavy traffic ("Ringstrasse"). In the middle there is a traffic island. After crossing the road, you are on a larger open area. This is the start of the university's campus. Take the stairway that leads to the main campus. The buildings on the campus are arranged in a rectangle: to your right is Building 1 (lecture halls). Go along building 1. To the right is Building 4 (canteen). After passing the main entrance of building 1 go to the right to reach the right entrance of building 4 (see campus map).

By car:

- From the North and South: via A 57, junction 8 „Kreuz Kamp-Lintfort“
- From the West: via A 40, junction 7 „Neukirchen-Vluyn“
- From the East: via A 42, junction 1 „Kreuz Kamp-Lintfort“

Follow the signs to Rhein-Waal University until you come across a large parking lot that you can use. From the car park (the big blue quarter of the circle in the campus map) cross the street (“Friedrichstrasse”) to get to the campus. The workshop will take place in building 4. When reaching building 4 just go along the canteen and take the right entrance of the building. Take the stairs to the 1. Floor. Go a few steps to the right – the workshop room is the first door on the left side (room 04 01 350). For illustration see the black lines in the campus map.
