Future(s) of Democracy

**Moderation: Jorina Sendel (Education Innovation Lab),
Prof. Dr. Eva Maria Hinterhuber (Rhine-Waal-
University of Applied Sciences)**

In this Future Lab-style workshop, we will use scenario techniques to explore the question of how we want to shape democracy in the future. With a special focus on social inequality, we will explore how in times of multiple crises rights and freedoms can be retained and expanded. We will work with materials developed by the Education Innovation Lab (<https://education-innovation-lab.de/>) for Futurium Berlin and adapted to the given context. Join us in shaping democracy of the future!
