

The Rhine-Waal University of Applied Sciences in Kleve and Kamp-Lintfort offers an innovative, international environment combined with first-rate teaching in interdisciplinary Bachelor and Master's degree courses, taught mainly in English. It is strong in conducting research in disciplines such as technology, natural sciences and social sciences. More than 5,000 students have already enrolled at the Rhine-Waal University of Applied Sciences.

The Lower Rhine region with its attractive countryside is in the direct vicinity of the Rhine-Ruhr conurbation and the Netherlands, while at the same time being located at the heart of Europe, with two University Campuses easily accessible from all over the world via the three airports of Amsterdam/Schiphol, Düsseldorf Rhine-Ruhr and Weeze.

We are looking for support for the faculty of Technology and Bionics, Kleve Campus and would like to fill the following vacancy as soon as possible:

Reference number 03/F1/16

Scientific Assistant (m/f) Science Communication, TV-L EG 13, limited contract for 2 years, full time

Your tasks:

- Support in teaching and supervising student exercises in English in our degree programme "Science Communication & Bionics"
- Support in applied science communication research (Chair of Prof. Gerber) in the area of Public Engagement und Communication Governance

Your profile:

- Successfully completed university degree in communication science or in a comparable subject
- Structured and independent way of working, conceptual and analytical thinking
- Very good organisational and communicative skills, as well as distinctive teamwork skills
- Excellent English language skills

Applicants must have at least upper-intermediate proficiency in English (CEFR C1 level).

The option to further one's own scientific qualification (cooperative PhD) in combination with appropriate reduction of working hours within the employment is possible.

The Rhine-Waal University of Applied Sciences promotes the professional development of women. Applications from women are therefore explicitly welcomed. In areas where women are not adequately represented, they shall be given preferential consideration when offering the same suitability, capability and professional achievements as men according to the Equal Opportunities Act of North Rhine-Westphalia (Landesgleichstellungsgesetz), unless there are exceptional reasons for giving preference to another applicant.

When offering the same suitability, preferential consideration shall be given to applications from suitable candidates with severe disabilities and equivalent persons pursuant to Section 2 (3) German Social Security Code, Book IX (SGB IX).

Please send your written application with relevant documents by 17.03.2016 via post **stating the reference number**, addressed to the **Department Human Resources of Rhine-Waal University of Applied Sciences, Marie-Curie-Str. 1, 47533 Kleve, Germany.**
