Type of work (book chapter, thesis etc.):

Title of work:

The Author hereby grants the following usage rights to the Library of Rhine-Waal University of Applied Sciences as content manager of the OPUS Publication Server:

The Library is authorised to store the above named Work in digital form on the OPUS Publication Server of Rhine-Waal University of Applied Sciences, to make it freely accessible online at no charge, and to duplicate it without restriction. The Author's right to further publication of the Work remains unaffected.

Furthermore, the Library is authorised to make the Work and its associated metadata available to other libraries, subject-specific repositories and scholarly search engines for the purpose of digital preservation as well as to the German National Library in compliance with legal deposit requirements. In some cases, this may require conversion into a different file format without any alteration of content.

The Author assures that publication of the Work is not impeded by any copyright or licensing issues which would infringe upon the rights of others. If this document has been previously published (e.g. by a publishing house), the Author assures that secondary publication on the OPUS Publication Server does not infringe upon the contractual rights of said publisher. The Author pledges to inform the University Library of any potential legal issues immediately.

The Author is solely responsible for the content of the Work and indemnifies the University Library from all third-party claims. The University Library assumes no responsibility for the content of the Work.

To ensure continued citability, no adaptations or alterations may be made to the Work after publication, excluding changes to file type.

If the Work was produced by multiple authors, it may be published only with the signed consent of all authors involved.
