

# **Examination Regulations**

for

## **Agribusiness, B.A.**

Faculty of Life Sciences

Rhine-Waal University of Applied Sciences

Dated 28 November 2018

In accordance with Section 2 (4) sentence 1 and Section 64 (1) of the Higher Education Act of North Rhine-Westphalia [*Hochschulgesetz NRW*], in the amended form produced by the Act for the Future Development of Universities [*Hochschulzukunftsgesetz*] of 16 September 2014 (GV.NRW. 2014, p. 547), last amended by the Act of 17 October 2017 (GV.NRW. 2017, p. 806) and the General Examination Regulations for Bachelor's and Master's Degree Programmes at Rhine-Waal University of Applied Sciences (RPO) from 3 January 2018 (Official Notices 07/2018), the Faculty Council of the Faculty of Life Sciences of Rhine-Waal University of Applied Sciences enacted the following examination regulations on 12 December 2018:

### **Contents**

Section 1	Applicability
Section 2	Academic Objectives and Purpose of Examination, Bachelor's Degree
Section 3	General Admission Requirements
Section 4	Basic Internship
Section 5	Programme Structure; Volume of Instruction Hours; Progression of Studies
Section 6	Scope of Examinations
Section 7	Scope and Form of the Thesis
Section 8	Admission to the Thesis and Colloquium
Section 9	Credit Values for the Thesis and Colloquium
Section 10	Awarding of the Bachelor's Degree
Section 11	Entry into Force / Transitional Provisions
Annex	

## **Section 1**

### **Applicability**

These examination regulations shall apply to Agribusiness B.A., offered in English by the Faculty of Life Sciences of Rhine-Waal University of Applied Sciences, in conjunction with the General Examination Regulations for Bachelor's and Master's Degree Programmes ("RPO") of Rhine-Waal University of Applied Sciences. They govern the standard, seven-semester mode of study (full-time study), the dual-vocational, eight-semester mode of study (dual, or cooperative study) and the part-time, nine-semester mode of study for working professionals.

## **Section 2**

### **Academic Objectives and Purpose of Examination, Bachelor's Degree**

(1) The bachelor's examination forms the basis for this professionally-qualifying degree. Academic aims and objectives are outlined in Section 3 RPO. This degree programme aims to empower students to apply agricultural and agro-economic as well as economic, social scientific and natural scientific methodology and to develop solutions with practical relevance which go beyond traditional disciplinary boundaries. A strong command of the English language is essential to success in this degree programme, as it is a necessary prerequisite for the overarching goal of consolidating and expanding students' technical language and communication skills.

(2) The academic degree "Bachelor of Arts", abbreviated as "B.A.", is awarded upon successful completion of the final bachelor's examination.

## **Section 3**

### **General Admission Requirements**

(1) General admission requirements are defined in Section 4 RPO.

(2) A "related or comparable programme of study" within the meaning of Section 4 (6) RPO is defined as any undergraduate (bachelor's or German "*Diplom*") degree programme at a university or university of applied sciences in Germany whose content largely and predominately falls under the mantles of agricultural science and economics.

(3) For English language requirements, refer to Section 4 (5a) RPO.

(4) Applicants may request an exemption from the language certificate requirement defined in subsection 3 above. Requests are justified, for example, if an applicant is applying on the basis of secondary school examinations which were conducted in English and in one of the majority English-speaking countries defined in Annex 1. The Examination Board is responsible for deciding on these requests.

## **Section 4**

### **Basic Internship**

In accordance with Section 4 (3) RPO, students in this degree programme are required to complete an eight-week basic internship that is not located at the University – i.e. at an extramural company, public authority or other for-profit or not-for-profit organisation – that is relevant to the content of the curriculum, and that familiarises them with agro-economic and engineering issues, as well as the organisational and operational aspects of running an organisation. The internship may also be conducted in manufacturing, at a service provider or in commercial trade.

## **Section 5**

### **Programme Structure; Volume of Instruction Hours; Progression of Studies**

(1) This degree programme has a total volume of instruction of 133 SWS (combined hours per week from all lecture periods in the standard study duration).

(2) Curricular internships are mandatory parts of this degree programme.

(3) In accordance with the European Credit Transfer Accumulation System (ECTS), one credit point (CP) in this degree programme is equivalent to a workload of 30 hours. The modules of this degree programme comprise a total sum of 210 CP in accordance with Section 6 (5) RPO.

(4) Before commencing with the dual study programme, students must complete a 14.5 month period of vocational training in a relevant company and in a German vocational college. A period of full-time study at Rhine-Waal University follows this initial phase. During this time the student attends and completes modules at the University. A second vocational training phase commences in the third semester of study and concludes with a final vocational qualification examination. Both the vocational training position and the company offering it must relate to the student's field of study. The Faculty of Society and Economics is responsible for judging the relevance of a dual study arrangement. The vocational training portion generally concludes by the fifth semester of study with an examination at the Chamber of Agriculture. In the fourth and fifth semesters dual study students attend lectures at the University, but also attend courses at the vocational college on one day per week. The sixth semester is reserved for an internship or study abroad semester. Contrary to Section 5 (1) sentence 2 RPO, the standard period of study for dual study students in Sustainable Agriculture B.Sc. is eight semesters.

(5) In part-time study arrangement, professionals in the workforce can study on a part-time basis while continuing their career. In this mode of study, the regular content of the first two full-time semesters is taught instead over the course of four semesters; accordingly, the standard period of study is prolonged by two semesters to nine semesters total. During this initial period, part-time students attend two days of lectures at the University and spend the remaining three days in the workplace.

(6) Additional information about how this degree programme is organised and about the type, form and scope of modules can be found in the attached study and examination plan (see annex). Additional information about learning outcomes, qualification aims, contents and forms of examination can be found in the corresponding module guide, which is available for viewing in the faculty's central office.

(7) Examinations take place over the course of study. Registration for examinations requires proof of completion of any prerequisite modules / module examinations, insofar as prerequisites for a module and/or for lectures offered as part of a module are explicitly defined in the annex of these regulations.

(8) In addition to the general prerequisites for admission to the internship or study abroad semester (Section 21 (2) RPO), students in this degree programme must have successfully completed all modules and module examinations scheduled for the first year of study.

## **Section 6**

### **Scope of Examinations**

(1) The time allotted for a written examination depends on the number of weekly instruction hours (SWS) for the corresponding lecture. As a rule, 60 minutes shall be allotted for every two weekly instruction hours (SWS).

(2) An oral examination generally lasts between 30 and 45 minutes.

(3) The text portion of an assignment, term paper or project should not exceed 30 DIN A4 pages.

## **Section 7**

### **Scope and Form of the Thesis**

(1) The text portion of the thesis should generally be between 40 and 100 pages (DIN A4) in length. The thesis may also be supplemented with other media as well, provided their use is appropriate and helpful as additional documentation within the context of the assigned task. In this case the length of the text portion of the thesis may deviate from the aforementioned minimum requirement.

(2) The bachelor's thesis can also be admitted as group work if each student's individual contribution fulfils the requirements in Section 23 (1) RPO and is clearly distinguishable – and thus assessable – due to clear and distinct identification by section, page numbers or other criteria.

(3) Contrary to Section 25 (2) RPO, the allotted timeframe for completing the thesis for part-time students is six months.

## **Section 8**

### **Admission to the Thesis and Colloquium**

(1) In addition to the thesis admission requirements defined under Section 24 (1) RPO, students must also have obtained at least 180 credits.

(2) In addition to the colloquium admission requirements defined under Section 27 (2) RPO, candidates must also have obtained at least 207 CP.

**Section 9**  
**Credit Values for the Thesis and Colloquium**

- (1) Twelve credits are awarded for passing the bachelor's thesis.
- (2) Three credits are awarded for passing the colloquium.

**Section 10**  
**Awarding of the Bachelor's Degree**

- (1) The bachelor's degree specified in Section 2 (2) is officially conferred with the issuing of the bachelor's degree certificate referred to in Section 30 (1) RPO.

**Section 11**  
**Entry into Force / Transitional Provisions**

- (1) These examination regulations shall enter into force on the day after their publication in the Official Notices of Rhine-Waal University of Applied Sciences. They apply to students who first enrolled in Agribusiness B.A. of the Faculty of Life Sciences of Rhine-Waal University of Applied Sciences in or after winter semester 2019-20.
- (2) Students who first enrolled in Agribusiness B.A. before winter semester 2019-20 may continue their studies according to the examination regulations dated 9 July 2014 (Official Notices 26/2014) until 28 February 2026 at the latest. Accordingly, the examination regulations dated 9 July 14 (Official Notices 26/2014) shall expire on 1 March 2026.
- (3) Students currently studying under the examination regulations dated 9 July 2014 (Official Notices 26/2014) may submit a written request to Examination Services (ZSB) to switch to the examination regulations defined in this document. The Faculty Examination Board is responsible for all decisions relating to the recognition of previously earned credits.

Note: These examination regulations entered into force on 14 November 2019.
