

The Rhine-Waal University of Applied Sciences in Kleve and Kamp-Lintfort offers an innovative, international environment combined with first-rate teaching in interdisciplinary Bachelor and Master's degree courses, taught mainly in English. It is strong in conducting research in disciplines such as technology, natural sciences and social sciences. More than 7,500 students have already enrolled at the Rhine-Waal University of Applied Sciences.

The University of Applied Sciences has to award for the faculty Life Sciences in the bachelor's degree courses Sustainable Agriculture, B.Sc. at the campus in Kleve in the winter semester 2020/2021 the following

Lectureship

within the meaning of Section 43 of the Law regarding the Universities in the State of North Rhine-Westphalia (HG NRW):

Reference number 29LA/20

Subject area/Module: „Organic farming“

The lecturer shall take over the lecture in the amount of 2 lecturing hours in the elective module "Organic farming" (5th semester) of the bachelor course Sustainable Agriculture, B.Sc.. The lectures shall be held in English.

Due to the current pandemic, lectures shall be held in a digital format and shall begin as of November 02, 2020.

Contents

History, principles and concepts of organic farming in various countries; statistics and development of organic farming; sustainability of organic farming systems

Intended learning outcomes

On successful completion of this module, students should

- know the principles of organic farming in Europe, the United States and other relevant countries
- understand the conceptual and practical differences between conventional and organic farming
- critically discuss publications comparing conventional and organic farming
- evaluate the sustainability of organic farming systems

Requirements:

The lecturer shall have a corresponding university degree and have practical experience. Didactic skill and the ability to hold the course with an international group of students in the English language are required (the language level shall be C1 according to the European reference framework).

The Rhine-Waal University of Applied Sciences offers lectures a systematic networking with the university as well as the opportunity of a specific training development to ensure a

sustainable skill improvement, a closely link between theory and practice and a support for the personal development of lectures.

It is asked to send in just copies of documents as these cannot be returned.
