# Examination Regulations

Gender and Diversity B.A.

Rhine-Waal University of Applied Sciences

Dated 26 August 2013  
(Official Notice 27/2013)

As amended by the second amending statutes from 14 February 2018  
(Official Notice 12/2018)

## Contents

- Section 1 Scope
- Section 2 Academic objectives; purpose of examination; degree awarded
- Section 3 Admission requirements
- Section 4 Basic internship
- Section 5 Programme structure; volume of instruction hours; progression of studies
- Section 5a Internship semester
- Section 6 Scope of examinations
- Section 7 Scope and form of the thesis
- Section 8 Admission to the thesis and colloquium
- Section 9 Credit values for the thesis and colloquium
- Section 10 Awarding of the bachelor's degree
- Section 11 Transitional provisions

## **Section 1**

### **Scope**

These examination regulations apply to Gender and Diversity B.A., offered in English by the Faculty of Society and Economics of Rhine-Waal University of Applied Sciences, and are valid in conjunction with the General Examination Regulations for Undergraduate and Postgraduate Degree Programmes of Rhine-Waal University of Applied Sciences ("RPO"). They regulate the standard seven-semester mode of study (full-time) as well as the nine-semester, part-time mode of study for working professionals.

## **Section 2**

### **Academic objectives; purpose of examination; degree awarded**

- (1) The final undergraduate assessment concludes this degree programme and qualifies graduates to continue their studies in a master's degree programme. The overall aims and objectives for this degree programme are outlined in Section 3 RPO. A strong command of the English language is key to achieving success in this degree programme, as it provides the essential basis for this programme's continuous goal of expanding and honing students' technical language and communication skills.
- (2) The academic degree "Bachelor of Arts", abbreviated as "B.A.", is awarded upon successful completion of the final undergraduate assessment.

## **Section 3**

### **Admission requirements**

- (1) General admission requirements are defined in Section 4 RPO.
- (2) Applicants are ineligible for admission if they have irrevocably failed their final attempt at a mandatory examination in the same degree programme at a university within the jurisdiction of the Basic Law of the Federal Republic of Germany; this also applies to previous degree programmes sharing a significant overlap in content with this degree programme.
- (3) Sufficient proficiency in English can be demonstrated by submitting a valid and recognised language certificate equivalent to level B2 of the CEFR (Common European Framework of Reference for Languages). Generally, the following language tests and scores are accepted:
  - IELTS: minimum 6.0
  - TOEFL (iBT): minimum 80
  - TOEFL (paper based test): minimum 550
  - TOEFL (computer based test): minimum 213
- (4) Exempted from this language certificate requirement are applicants who have acquired English language proficiency equivalent to level B2 over the course of earning their university entrance qualification [*Hochschulreife*] at a secondary school in Germany. This is considered the case when an applicant has successfully completed at least seven years of English at a German secondary school and earned a final cumulative mark of at least "sufficient" (4.0 or better on the German grading scale) for the subject.

## **Section 4 Basic internship**

The basic eight-week internship defined by Section 4 (3) sent 3) RPO should occur within the context of the curriculum, be completed at an external company, public office or other organisation, and familiarise students with questions and matters relating to the social sciences.

## **Section 5 Programme structure; volume of instruction hours; progression of studies**

- (1) This degree programme has a total volume of instruction of 118 contact hours (SWS).
- (2) The modules of this degree programme comprise a total of 210 credits and conform to the ECTS framework defined in Section 6 (5) RPO.
- (3) Modules and examinations are offered in the degree programme's official language of instruction.
- (4) In the part-time mode of study, working professionals can study on a part-time basis while continuing their career. Accordingly, the content of the first two full-time semesters is taught over the course of four semesters instead. During this period, part-time students spend two weekdays at the University and three at their place of employment.
- (5) Additional information about the breakdown of this degree programme and about the type, form and scope of modules can be found in the attached study and examination plan. Additional information about learning outcomes, qualification aims, teaching contents and types of examinations can be found in the module guide, which is published on the homepage of Rhine-Waal University of Applied Sciences.

## **Section 5a Internship semester**

Internships undertaken in Gender and Diversity B.A. must meet the requirements set forth in the Internship Regulations for Gender and Diversity B.A. The Internship Regulations are considered an integral part of these examination regulations.

## **Section 6 Scope of examinations**

- (1) The time allotted to students for a written examination is based on the credit value of the respective course and shall not exceed 120 minutes. As a general rule, 20 to 30 minutes shall be allotted for every one credit.
- (2) An oral examination generally lasts at least 15, but no more than 30 minutes per student.
- (3) The text portion of an assignment, term paper or project should not exceed 30 DIN A4 pages.
- (4) Students who have failed an attempt at an examination in the modules GD\_1 to GD\_18 and not registered for a new attempt within two semesters shall be automatically registered for a new attempt on a compulsory basis in accordance with subsection (5).

- (5) Students who have not undertaken another attempt at a failed examination nor registered to do so before the deadline shall be registered on a compulsory basis by the Examination Board for the final remaining examination opportunity before the deadline. This applies even if the examination in question had not yet been offered again before the deadline. Students who register for the final remaining examination opportunity before the deadline are not permitted to withdraw from this examination under Section 15 (6) RPO. Student who do not appear to this examination and cannot provide a good reason for their absence shall receive a failing mark (5.0). The Examination Board must be notified in writing immediately of any mitigating circumstances for missing this examination and credible supporting evidence must be provided. In cases of illness, the Examination Board reserves the right to request a medical certificate from a doctor of its choosing. If the Examination Board deems the presented reasons valid, the deadline will be extended until the next opportunity to sit for this examination.
- (6) Students are exempted from compulsory registration if they are on an official leave of absence in accordance with Section 9 of the Enrolment Regulations of Rhine-Waal University of Applied Sciences or are currently undertaking an internship or study abroad semester per Sections 21 and 22 RPO, respectively. In exceptional cases, students in other circumstances can also apply for an exemption from compulsory examination registration, in particular those who:
- a) are responsible for the care and upbringing of minors within the meaning of the German Federal Education and Training Assistance Act, Section 25 (5), or
  - b) are acting as elective representatives in executive bodies of Rhine-Waal University of Applied Sciences, the student body or their faculty, or
  - c) are currently assuming the duties of Equal Opportunities Officer at the University, or
  - d) have an impairment or are suffering from a serious illness which prolongs their duration of study.

Exemption requests must be submitted by no later than four weeks before the start of the examination phase. In the case of a), an exemption should generally not exceed three semesters; in the cases of b) and c), it should generally not exceed two semesters.

## Section 7 Scope and form of the thesis

- (1) The text portion of the thesis should generally be between 40 and 60 DIN A4 pages in length. The thesis may also be supplemented with other media as well, provided their use as additional documentation is appropriate and helpful within the context of the assigned task. In this case the length of the text portion of the thesis may deviate from the aforementioned minimum requirement.
- (2) The undergraduate thesis can also be admitted as group work if each student's individual contribution fulfils the requirements set forth in Section 23 (1) RPO and is clearly distinguishable (and thus assessable) thanks to clear and distinct delimitation by sections, page numbers or other criteria.

## **Section 8**

### **Admission to the thesis and colloquium**

- (1) In addition to the thesis admission requirements defined under Section 24 (1) RPO, students must also have obtained at least 175 credits.
- (2) In addition to the colloquium admission requirements defined under Section 27 (2) RPO, students must also have obtained at least 207 credits.

## **Section 9**

### **Credit values for the thesis and colloquium**

- (1) Twelve credits are awarded for passing the thesis.
- (2) Three credits are awarded for passing the colloquium.

## **Section 10**

### **Awarding of the bachelor's degree**

The bachelor's degree specified in Section 2 (2) is officially conferred with the issuing of the bachelor's degree certificate referred to in Section 30 (1) RPO.

## **Section 11**

### **Transitional provisions**

- (1) Students who commenced their studies prior to winter semester 2014-2015 may complete more than 6 CP worth of elective modules offered by other degree programmes at Rhine-Waal University of Applied Sciences, subject to the approval of the Examination Board. The recommended study and examination plans in annexes 3 and 4 (version from 20 March 2013) shall apply to these students. The recommended study and examination plans in annexes 3 and 4 are valid until 28 February 2020.
- (2) Students who were enrolled before winter semester 2014-2015 may submit a written request to Examination Services to continue their studies according to the curricula set forth in annexes 1 and 2 (version from 3 December 2014). The Examination Board is responsible for all credit recognition decisions for previously completed modules and examinations.

Note: These examination regulations entered into force on 1 March 2018.
